

SECURE MARRIAGE MANIFESTO

1. Having a high quality, secure marriage is my first priority; more than money, jobs, or possessions.
2. I will focus on the things I need to change more than the shortcomings of my spouse.
3. I will understand my spouse's feelings once I take time to know his/her story.
4. It is my honor to help my spouse become a better human being.
5. "We are happy" is more important than "I am happy".
6. I will be a lifetime student of my spouse.
